## = DOWNTOWN ZEELAND = SOCIAL DISTRICT

ALL DOWNTOWN RESTAURANTS ARE LOCATED WITHIN THE ZEELAND SOCIAL DISTRICT.

The Social District allows customers (21+) the flexibility to purchase alcoholic beverages downtown (currently from The Gritzmaker Social House, Frank's East, Public, StrEATs Taco Kitchen and Tripelroot) and consume them while walking or sitting within the boundaries of the district.

This is a perfect opportunity to grab a drink during a downtown event or while you wait for availability to dine at a restaurant. It also creates the opportunity for different people in your party to select drinks and food from different restaurants and dine together at City of Zeeland tables within the Social District.

Think of it like a food court in the middle of downtown!
