

Electric Power Supply & Market Operations Manager

Help Lead the Future of Public Power

The City of Zeeland Board of Public Works is seeking an experienced and strategic Electric Power Supply & Market Operations Manager to lead our Electric Power Production Department. This leadership role is responsible for overseeing electric generation operations, wholesale power market activities, energy resource planning, and a talented team of utility professionals.

Working closely with the General Manager, you'll help shape the City's long-term power supply strategy while ensuring the safe, reliable, and cost-effective delivery of electricity to our community.

What You'll Do

- Lead and develop a high-performing electric power production team.
- Oversee electric generation facilities, maintenance programs, and operational performance.
- Manage wholesale energy, capacity, and transmission market participation.
- Develop short- and long-term power supply strategies and resource planning initiatives.
- Evaluate generation assets and lead capital improvement and energy resource projects.
- Manage power purchase agreements, fuel supply contracts, and utility risk management activities.
- Ensure compliance with environmental, regulatory, and reliability requirements.
- Develop departmental operating and capital budgets.
- Present technical, operational, and financial recommendations to executive leadership and the Board.
- Serve as a key member of the BPW leadership team and participate in emergency response and business continuity planning.

What We're Looking For

- Bachelor's degree in Engineering or a related technical field (or an equivalent combination of education and experience).
- Five or more years of progressively responsible experience in electric utility operations, power supply, generation, engineering, or wholesale market operations.
- At least three years of supervisory or leadership experience.

- Strong knowledge of electric generation systems, wholesale energy markets, transmission operations, and utility regulatory requirements.
- Demonstrated experience in strategic planning, project management, budgeting, and organizational leadership.
- Excellent analytical, communication, and decision-making skills.

Why Join Zeeland BPW?

At Zeeland Board of Public Works, you'll have the opportunity to make a meaningful impact while helping provide safe, reliable electric service to a thriving community. As a member of our leadership team, you'll influence the future of a municipally owned utility and work alongside dedicated professionals who are committed to innovation, collaboration, and exceptional public service.

We offer a competitive benefits package designed to support your career and your life, including:

- Up to 10% employer contribution toward your retirement savings.
- Multiple health plan options so you can choose the coverage that best fits your lifestyle.
- A culture that values work-life balance, recognizing the importance of both professional success and personal well-being.
- The opportunity to live and work in a welcoming, tight-knit community just minutes from the beautiful shores of Lake Michigan, where you can enjoy year-round recreation and the beauty of all four seasons.

If you're looking for a leadership opportunity where your expertise will make a lasting impact. Where you can build a rewarding career in a community and utility that continues to expand and thrive, we encourage you to apply.
